# Welcome to our Annual Report of 2017

## One More Year of Growth and Experiences

**Cecilia Portilla de Ávalos**  
FOUNDER, SECRETARY, AND  
EXECUTIVE DIRECTOR

At Building Baja's Future we know that there are no shortcuts. In the 2017 Annual Report we intend to briefly show the results of our efforts, even though we could hardly summarize the accumulation of experiences and successes in such a limited space. All of us have learned a lot this year.

We are aware of the needs of our time, trusting in our capacities, and grounded in our values; While we understand the social responsibility that accompanies an awareness of the world, we must ask ourselves: How much of what we wish comes from our permanent search for knowledge and discoveries, our ways of doing and sharing? Who can we rely on with our hopes for human societies? Is it not in the youth? Is it not evident that the best desire for the future will only be realized by educated and capable human beings? Our efforts are key, because in order to arrive at the reality that we dream of, we ask how our scholars will be able to focus their efforts on generating ideas and manifesting solutions? We must recognize, nurture and strengthen their talents.

Contact us to learn more about the program.

Join the BBF family. Your contribution will directly benefit our scholars in their university studies.

## Words to our sponsors

Knowing that success is shared among friends and collaborators is a major incentive for us. Our solvency is invaluable thanks to the support and generosity of our sponsors. It feeds us and gives us energy to continue with the noble work that we have proposed. We recognize that with discipline, patience and self-knowledge, the contribution to our grantees is gradually more evident as it is translated into hope and well-being. It is palpable. We are aware of the positive, uplifting and multiplying effects of bringing our youth closer to the local productive sectors that once seemed unattainable.

When we faced the challenge of guiding and offering opportunities to these young people to obtain a superior education and a

constructive development, we made the decision to dedicate our time to generate the most adequate conditions for them; It is vital to walk together so that our shared aspirations can be transformed into individual projects and common well-being.

Fundamentally what we have achieved so far is strengthening the confidence of these young people in themselves so that they are able to promote the concrete and effective transformation of the social composition and productive structures of the region, recognizing that the economic impact is just a quantifiable aspect of the many authentic fruits emanating from effort, study, and opportunities.

The scientific community in Mexico and the world is consolidated by institutions of higher education. The role of tertiary education is irreplaceable. Research, technology and sociocultural expressions have a direct impact on innovation and have material value. The only real certainty is to educate.

Thank you for joining us to be part of the change.

# Annual Report 2017

## Our History

Building Baja's Future (BBF) goes far beyond providing university scholarships to students with financial needs. BBF also works hard and sensitively to identify and provide aspects of life and development that our scholarship recipients may not have received at home or in school.

The seed of BBF was planted in 2006. At that time, Cecilia Portilla and Jacinto Ávalos offered the first scholarship. Since then, they have offered more scholarships to students from Los Cabos with potential to excel professionally. Once that great need in the community was detected and given an excellent response from the youth, Portilla and Ávalos made the decision to formalize the support they were providing. By 2008, more than 30 scholars had received financial assistance for their university studies. As of June 2017, 230 students have been assisted, and in July of the same year 40 more students were accepted.

BBF was formally established in early 2012 and continued to offer financial assistance, but even more, specialized programs for the training of the youth scholars. The next step for BBF was to expand its offers to help as many university-age students as possible. In fact, the number of BBF scholars has increased exponentially since 2008.

Education is the most effective and efficient way to improve the lives of individuals, families, communities and nations.

## Our Mission

The mission of Building Baja's Future (BBF) is: educate, create opportunities, facilitate tools, and contribute to the development of Mexican youth at economic and social disadvantage so that, with their talent and potential, they will thrive beyond their current, extremely fragile and limited circumstances.

## Our Vision

To be the most reliable group available to our scholars. To help them form their character, strengthen their values, educate their senses and sensitivity, and expand their responsibility; To fund and support their university studies, help plan and reach the world of hope and justice to which they aspire.

# Founders and Advisers

## About What Inspires Us to Continue Helping the Future of the Country

Building Baja's Future (BBF) is a non-profit organization based in Cabo San Lucas, Baja California Sur, Mexico. It is a world class organization committed to helping and training youth with dreams who are determined to overcome the adverse conditions of the environments where they have lived; to take advantage of the opportunities that BBF offers them so that they can reach their full potential as people and as leaders of their communities. BBF is a non-profit non-governmental association registered in Mexico and established in California (USA). By having both charitable organizations, common goals, this allows them to join efforts and grow with the support of friends and collaborators who reside beyond their borders.

Cecilia Portilla de Ávalos

**Position:** Founder, Secretary and Executive Director

Cecilia has been an active member of the community of Cabo San Lucas as a resident, volunteer, business woman, and teacher. Her teaching experience covers more than 47 years in private, public, and religious institutions in Mexico, Great Britain and the United States. She studied Social Anthropology at the Ibero-American University in Mexico City.

Jacinto Ávalos

**Position:** Founder and President

Jacinto is a world-renowned architect, urban planner, designer, and builder. He graduated from the Ibero-American University in Mexico City. He has a Master's degree in Urban Design from the Oxford Polytechnic, England and has 47 years of experience building.

## Advisors

**Diego Ávalos.** Strategic Planning and Technology (Los Angeles, CA)

**Pablo Ávalos, M.D.** Health (Los Angeles, CA)

**Carlos Portilla Robertson.** CPR Asociados, Legal Advisor (Mexico City)

**Okapi Studio.** Graphic Designers of the BBF page of the network (Budapest)

**José Rubén Aréchiga de la Peña.** Notary Public No. 10 (Los Cabos, B.C.S.)

**Luis Alvarado García.** Accountant and Internal Controller (Los Cabos, B.C.S.)

**Altos de los Cabos, S.C. - Luis Tonatiuh Ruelas.** External Accounting (Los Cabos, B.C.S.)

**Silvia Pérez Ávila.** Psychologist and Therapist (Los Cabos, B.C.S.)

**Claudia Nava Pelaez.** Communicologist (Los Cabos, B.C.S.)

# The BBF Tree of Life

Our fellows receive support and assistance in eight crucial areas, which we call the BBF Tree of Life, necessary for their development as whole and complete people.

## Current Technology

BBF helps its scholars understand and use new technologies and computer programs. Many have not had the experience and have not received adequate training.

## Economic Assistance

To achieve academic success, the scholars will need more than academic scholarships. Therefore, BBF provides assistance in other needs such as transportation, housing, seminars, books and school materials.

## Artistic Expression

BBF offers its students classes in body language, dance, photography, makeup and other forms of individual expression that help complete their development.

## Emotional Support

Our youth know that they will receive the affection they need while exploring new territories, striving to solve old difficulties, or facing new and unique challenges.

## Physical activity and medical attention

BBF offers yoga and swimming classes and provides medical assistance if necessary.

## Psychological Support

BBF facilitates counseling and therapy services if necessary. Some conflicts originate at home and with family, others occur at school. BBF supports and helps its fellows to develop their full potential.

## Cultural Life

Our students attend concerts and performances, where they are exposed to the arts and learn about the important role that these play in our society.

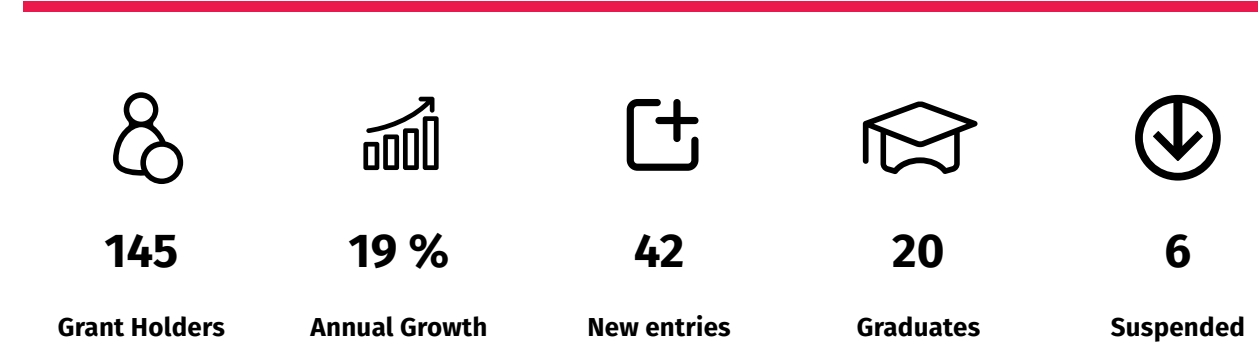

## Social Life

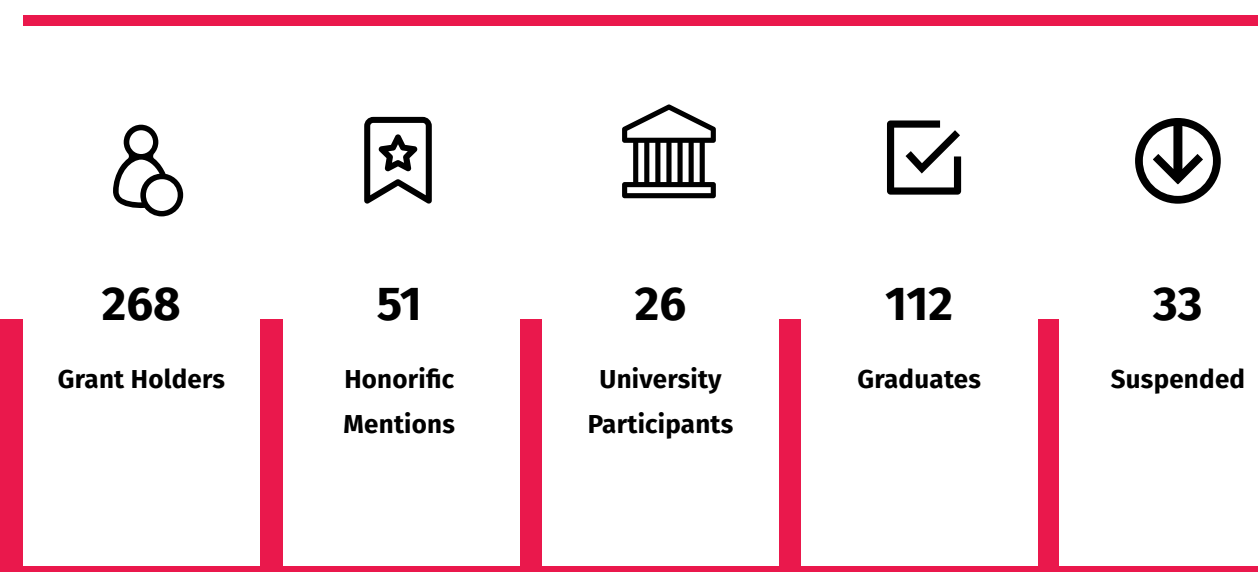

A full life includes social activities. Our fellows attend parties, walks, excursions and camping activities that reinforce cohesion and foster the fellowship of the group.

# Summary

## 2017

## 2012 - 2017

The grant holders had pursued 34 different degrees.

# Wisdom Begins with Astonishment

Socrates.

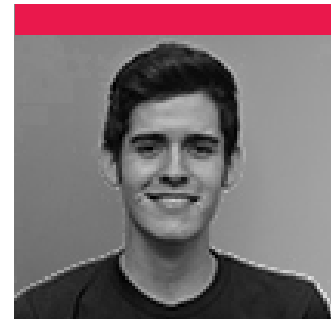

Our fellows have backgrounds, origins and histories and their academic interests vary, but they all have something in common: a passion to learn and excel.

Building Baja's Future (BBF) grants scholarships to students graduating from high school (preparatory) who demonstrate the desire to be a part of the program, need financial aid, gather the merits for a BBF scholarship, and have character to achieve

goals. Their merit is demonstrated by their leadership in school, civic and extracurricular activities, as well as their academic achievements and personal motivation to serve and succeed.

2016-2017

“ At BBF I met many people who heartily support the program. I also gained valuable friendships. Everyone has left a mark on my life and I am grateful for the opportunities, experiences and values that have allowed me to strengthen my foundation to grow as a person, professionally and spiritually, but most importantly: to help me fulfill my dream of being an architect. ”

— Gabriela Rubí Campuzano.  
Graduate of Architecture at ITES

“ It was an incredible process to be able to combine knowledge that I acquired in university with values and activities that they offered us. BBF helped me to be who I am and to succeed the way I want to. ”

— Stephen Delgado.  
Graduate of Accounting at the University of California Gulf

“ BBF for me is a bridge between my studies and my lifestyle. BBF is to transcend in life with family, friends, and vocation. They give you the tools to deal with the obstacles of daily life. BBF is a springboard to physical, personal and spiritual success, but above all, individual success. ”

— **Antonia Nery.**

Graduate of Psychology at the University of Tijuana

“ BBF instilled in me the philosophy of excellence. I developed skills that I did not know I had and I met wonderful people who are now my friends. ”

— **Julio César Castro.**

Graduate of Tourism at Universidad Mundial

“ If it had not been for the true love and support of BBF, many of us would not have fulfilled our dream. Here I am with open arms, infinitely grateful to this beautiful family. I feel like a person with vision, committed, honest, capable and grateful. “BBF is my home”, thank you for making this possible. ”

— **Vilma Aguilar.**

Graduate of International Business at UABCS

# Activities Calendar 2017

# Summary of Activities

## Volunteers (46)

7 Casino Night	10 Ávalos Arquitectos y Asociados, S. C.
3 Conversation Classes	16 Graduates BBF
